

FreeCEN Newsletter – November 2025

Hello All

Welcome to the FreeCEN newsletter for November 2025, and 56 new pieces have been added to the website since the last edition, around 220,000 entries between these pieces. Details at the end of this newsletter.

These newsletters are sent on a monthly basis, and are usually sent out around the 4th of the month.

The [FreeCEN Roadmap](#) has been updated, and available for you to view on the website. Just log onto the website, the button for this is one of those listed under “Actions”.

Congratulations to the Wiltshire team of transcribers as they have completed the 1871 census for the county last month with all pieces for this year now online and searchable.

Also congratulations to the Anglesey team of transcribers as they have completed the 1851 census for the county last month with all pieces for this year now online and searchable.

Volunteer for FreeCEN

Like what you see in these newsletters? Has the our Website helped you with your family research. Then consider helping us to expand our database. We have plenty of coordinators who would like you to volunteer.

Only basic computer skills required, and any spreadsheet based software will be needed. Plenty of help and support available, and we can supply the scans.

The [link to Volunteer](#) is visible in the purple bar near the top of the of page on the website.

Contribution Guidelines

Contributions are welcome, and all received are considered. These should be emailed to [Chris Mahoney](mailto:chris.mahoney@freeukgenealogy.org.uk) (chris.mahoney@freeukgenealogy.org.uk).

They can be in any format, but I do have three particular requests with contributions.

1. Please do include a scanned image of the census record referred to (if appropriate) along with relevant source information (i.e. piece number, folio number, page number, and schedule number)
2. With any images, please include copies in their original format such as jpg or png (much easier to work with than copying one out of your article)
3. If you have quoted another source (or copied an image from somewhere), please quote what that source is

Previous FreeCEN Newsletters

Past editions of the newsletter are [now available to download](#) from the FreeCEN website. Or go to the “About” page, and then look on the right hand side under “See Also”.

The previous twelve are there now, all in downloadable PDF format (can also be read in some internet browsers). Older editions available on request.

News from Denise Colbert

(Chief Operating Officer, Free UK Genealogy CIO)

Hello everyone,

In my last update for Q1, I shared news of FreeComETT, the development of FreeBMD2, and the launch of FreePRO, as well as our plans for the October Strategy Weekend. Over the past few months, we've been building on that progress and laying important foundations for the future.

FreePRO (FreePROBATE) is really starting to take form. The technical team have now received a larger sample of the Probate book images and are using these to refine the technical framework and shape the editorial processes. It's early days, but exciting to see this project moving from idea into reality.

Alongside this, we've been busy preparing on the fundraising side: we're once again taking part in the **Big Give Christmas Challenge** with an ambitious target of raising £40,000 to fund the full digitisation of the Probate books. To unlock match funding, we need to secure £10,000 in pledges by 5 September. At the time of writing, we've already reached £6,600 in pledges (beating our previous record of £5,000 in 2022!). If you're able and would like to contribute, you can [make a pledge here](#).

If pledging isn't possible, please do consider donating during Big Give week (2–9 December), or helping by sharing our campaign posts on [Facebook](#) or [LinkedIn](#).

[FreeBMD2](#) is now live, and available for you to use. It is fully searchable, and uses the same database as that of the old FreeBMD website. Further improvements, and enhancements to follow.

Meanwhile, we're also tackling **financial sustainability on FreeBMD** itself, reviewing advertising placements to balance revenue needs with user experience.

FreeCEN and **FreeREG** continue to grow steadily thanks to your contributions. We're also exploring how best to support volunteers who may want to take on new responsibilities, including the idea of a dedicated **online volunteer hub** to bring our global community together.

You may remember I introduced **FreeComETT** in my last update — our new online transcription tool for FreeREG volunteers. Development has continued in the background this quarter, and while there's not much to announce just yet, it remains a key project for us. FreeComETT will make transcription more accessible and user-friendly, and will play an important role in supporting volunteers now and in the future.

We have continued to build stronger foundations this quarter, and with October just around the corner, I'm looking forward to turning strategy into shared action across our community.

FreeCEN SWOT. To enable us to decide upon FreeCEN's priorities and challenges, we want to gather your views on the project's Strengths, Weaknesses, Opportunities and Threats.

[Please go to our survey form to enter your views](#)

FreeCEN Vacancies

If you are interested in becoming one of our county coordinators, then this is for you as we have some roles that we would like to fill. Experience at transcribing and proofreading for FreeCEN is preferable. Help and support is available if needed.

We have the following vacancies at present:

Hereford

County has been inactive for a while so no active transcribers at this time. One year is fully transcribed with some pieces from other years also complete. We do have scans we can supply you with.

Nottingham

County has five years fully transcribed, with a sixth only needing a few pieces proofread before that one is complete. There are a small number of transcribers working on the remaining two years. We do have scans we can supply you with.

Sussex

County has no coordinator at present, and has been vacant for a while, so no active transcribers at this time. Three years are fully transcribed, with another close to it. Some of the uploaded pieces however do need re-validating (but we may already have someone to do these re-validations). We do have scans we can supply you with.

If you are interested in taking on one of these counties, or would like to know more, please let us know.

Abandoned Baby

(From Geoff Jarvis)

In 1851 Mary Porter was a 72 year old Agricultural Labourer's widow looking after a 10 year old grandson. She was born in 1779, and her place of birth is given as "Found at a Blacksmiths Door at Pylle Somerset a few hours old". She was lucky to survive as unwanted babies were often abandoned and left to die of hypothermia, be taken by an animal and occasionally saved by somebody who wanted a baby.

One can only wonder what Mary went through during her life and how lucky she was to still be alive at 72 years old.

Parish or Township of <i>St. Andrew</i>		Ecclesiastical District of		City or Borough of		Town of		Village of <i>Lottisham</i>	
No. of Inhabitants Schedule	Name of Street, Place, or Road, and Name or No. of House	Name and Surname of each Person who abode in the house, on the Night of the 30th March, 1851	Relation to Head of Family	Condition	Age of		Rank, Profession, or Occupation	Where Born	Whether Blind, or Deaf and Dumb

Table Notes

- If the piece number has a letter after it, then this suggests that the upload may only include some of the listed districts for the piece, but not necessarily all of them.

FreeCEN1

The last reported update to our old website at [FreeCEN1](#) took place on July 6th 2021. Further updates to this website have been discontinued, and any new uploads of completed pieces will take place on FreeCEN2 only.

We expect that the old website will be taken off-line at some point.
