

## FreeCEN Newsletter – January 2026

Hello All

Welcome to the FreeCEN newsletter for January 2026, and 60 new pieces have been added to the website since the last edition, around 251,000 entries between these pieces. Details at the end of this newsletter.

These newsletters are sent on a monthly basis, and are usually sent out around the 4th of the month.

The [FreeCEN Roadmap](#) has been updated, and available for you to view on the website. You can also log onto the website, where the link for this is one of those listed under “Actions”.

## Contribution Guidelines

Contributions are welcome, and all received are considered. These should be emailed to [Chris Mahoney](mailto:Chris.Mahoney@freeukgenealogy.org.uk) ([chris.mahoney@freeukgenealogy.org.uk](mailto:Chris.Mahoney@freeukgenealogy.org.uk)).

They can be in any format, but I do have three particular requests with contributions.

1. Please do include a scanned image of the census record referred to (if appropriate) along with relevant source information (i.e. piece number, folio number, page number, and schedule number)
2. With any images, please include copies in their original format such as jpg or png (much easier to work with than copying one out of your article)
3. If you have quoted another source (or copied an image from somewhere), please quote what that source is

## Previous FreeCEN Newsletters

Past editions of the newsletter are [now available to download](#) from the FreeCEN website. Or go to the “About” page, and then look on the right hand side under “See Also”.

The previous twelve are there now, all in downloadable PDF format (can also be read in some internet browsers). Older editions available on request.

## Volunteer for FreeCEN

Like what you see in these newsletters? Has our website helped you with your family research? Then please consider helping to expand our database. We have plenty of coordinators who would welcome you as a member of their team.

You need only basic computer skills and you can use any spreadsheet app. We provide plenty of help and support. We also supply the scans.

Use this link to the [Volunteer page](#) or select “Volunteer” in the purple menu bar near the top of any page on the website.

## News from Denise Colbert (Q3 2025)

(Chief Operating Officer, Free UK Genealogy CIO)

Hello everyone,

As we head into the final part of the year, I wanted to share an update on what we've been working on over the summer months. It's been a busy time, with steady progress across our key projects and a great deal of preparation for the months ahead.

**FreePRO (FreePROBATE)** has continued to move forward. After receiving the larger sample of probate book images earlier in the year, the team have been refining both the workflow and the structure of the outputs we'll need once transcription begins. Alongside this, fundraising has been a major focus throughout the quarter. I'm delighted to share that we reached our £10,000 pledge target for FreePRO in the Big Give Christmas Challenge. This is the highest pledge total we've ever achieved, and it reflects the generosity and belief the genealogy community has in the project. This support gives us a strong foundation heading into December's match-funding week. If you weren't able to make a pledge but would still like to support the project, donations made [on our campaign page](#) between 2 and 9 December will be doubled and will make a real difference to how quickly we can launch the website.

If you're interested in getting involved with FreePRO as the project develops, we'd love to hear from you. Just drop us a line at [FreePRO.volunteers@freeukgenealogy.org.uk](mailto:FreePRO.volunteers@freeukgenealogy.org.uk) and we'll keep you updated as volunteer opportunities open up.

**FreeBMD2** has been going through its final refinements as we moved closer to launch. Tester feedback helped us smooth out some issues, and work continued on preparing the site for public release. At the same time, we've been looking carefully at FreeBMD's long-term sustainability, exploring options around advertising that meet our financial needs while preserving the user experience.

**FreeREG** and **FreeCEN** have both continued to grow, with volunteers adding and updating records throughout the quarter. We've also been thinking more about how to encourage and support volunteers who may want to step into wider responsibilities. This has connected naturally with our early thinking around a future online Community Hub for all FreeUKGEN volunteers, to improve the volunteer experience, enhance communication, and strengthen our sense of community across all three projects.

Work on **FreeComETT-REG**, the forthcoming transcription tool for FreeREG, has continued in the background. Although there is not much news to share publicly yet, it remains an important part of our longer-term plan to make transcription simpler and more accessible.

Much of my own time this quarter was taken up with the planning of October's Strategy Weekend. Coordinating the programme, preparing materials, working with trustees and steering committees, and making sure our volunteers can join both in person and online has been a substantial piece of work. The weekend itself sits in Q4, but the groundwork for it has been one of the major activities of Q3, helping ensure we are ready for constructive discussions about Quality, Value, Growth, and the future of our community.

It has been a full and productive summer, and the work done over these months has laid strong foundations for the busy period to come, including the Strategy Weekend and the Big Give campaign.

With thanks for everything you bring to our community,

Denise, COO

## **FreeCEN Vacancies**

If you are interested in becoming one of our county coordinators, then this is for you as we have some roles that we would like to fill. Experience at transcribing and proofreading for FreeCEN is preferable. Help and support is available if needed.

We have the following vacancies at present:

### **Hereford**

County has been inactive for a while so no active transcribers at this time. One year is fully transcribed with some pieces from other years also complete. We do have scans we can supply you with.

### **Nottingham**

County has six years fully transcribed. There are a small number of transcribers working on the remaining two years. We do have scans we can supply you with.

### **Sussex**

County has no coordinator at present, and has been vacant for a while, so no active transcribers at this time. Three years are fully transcribed, with another close to it. Some of the uploaded pieces however do need re-validating (but we may already have someone to do these re-validations). We do have scans we can supply you with.

If you are interested in taking on one of these counties, or would like to know more, please let us know.

### Table Notes

- If the piece number has a letter after it, then this suggests that the upload may only include some of the listed districts for the piece, but not necessarily all of them.

## **FreeCEN1**

The last reported update to our old website at [FreeCEN1](#) took place on July 6th 2021. Further updates to this website have been discontinued, and any new uploads of completed pieces will take place on FreeCEN2 only.

We expect that the old website will be taken off-line at some point.
